Professional Summary

Passionate and dedicated software developer committed to achieving success in the field of IT, with a focus on web and mobile development. Skilled in creating responsive web applications and user-friendly mobile interfaces using modern frameworks and technologies. Additionally, I have a keen interest in teaching and have provided personalized tutoring in Computer Science, helping students build a strong foundation in programming and problem-solving. My goal is to secure a challenging role that allows me to grow as a professional while contributing to innovative projects and sharing knowledge with others.

Education

University of Central Punjab, Lahore   2020-2024
